Born from the passion and bold ideas of the Squad Arjuna Indonesia team, we grew from a small crew into a solid team with our own system, structure, and clear direction. From that journey, **Yudhistira** was established — a creative unit under **PT. Parama Pandawa Indonesia**, specializing in **Event Properties, Decoration, and Contracting**.

We focus on producing a wide range of event needs, including exhibition booths, backdrops, stages, gates, walls of fame, tunnels, displays, flooring, as well as interior and exterior installations. In short, everything that makes your event stand out and leave a lasting impression — that's our expertise.

We operate with clear SOPs, strict quality control, and a strong passion for delivering the best results in every project. For us, every detail matters — because great impressions are built from the smallest details.

Yudhistira doesn't just create decorations; we craft immersive and distinctive visual experiences. From concept to execution, we're here to turn every event into a story worth remembering.
